Public Meeting **Ward 10**

RECOMMENDATION: That the Report dated May 20, 2008, from the Commissioner of Planning and Building regarding the application to change the Zoning from "C1" (Convenience Commercial) to "C1-Exception" (Convenience Commercial) in By-law 0225-2007, to delete the 60 m (196.8 ft.) minimum separation distance requirement for restaurants from the lot line of a Residential Zone, previously permitted under By-law 5500 under file BL.09-COM W10, 3945 Doug Leavens Boulevard be received for information.

BACKGROUND:

On February 27, 2008, City Council adopted Resolution 0045-2008 directing staff to prepare an amending by-law to remove the 60 m (196.8 ft.) minimum separation distance requirement for restaurants from the lot line of a Residential Zone for lands located at 3945 Doug Leavens Boulevard (see Appendix I-1).

The purpose of this report is to provide preliminary information on the application and to seek comments from the community.

COMMENTS:

Details of the proposal are as follows:

Existing Zoning

"C1" (**Convenience Commercial**), which permits a range of commercial uses including retail, service and office uses with a minimum 60 m (196.8 ft.) separation distance requirement for restaurants from the lot line of a Residential Zone.

Proposed Zoning By-law Amendment

"C1 - Exception" (**Convenience Commercial**), to permit the same range of commercial uses including retail, service and office uses, but delete the 60 m (196.8 ft.) requirement for restaurants from the lot line of a Residential Zone as previously permitted under By-law 5500.

The applicant was granted relief from the minimum separation distance requirement, through rezoning application OZ 43/94 W9 that was approved by Council on May 10, 1995. When the new Zoning By-law 0225-2007 was passed by Council, the relief from the requirement was not carried forward.

No community meetings were held and no written comments were received by the Planning and Building Department.

CONCLUSION:

After the public meeting has been held, the Planning and Building Department will be in a position to make a recommendation regarding this application.
