

## Part 5: Notice of Completion of EPR

# Notice of Completion of Environmental Project Report

## City of Mississauga - Rathburn Road Transit Priority Measures

**The Project** - The City of Mississauga has completed an Environmental Project Report in accordance with Ontario Regulation 231/08 for the Rathburn Road Transit Priority Measures project.

The project consists of the modification of the existing general purpose traffic lanes (four lanes and a centre left-turn lane) to two at-grade centre median dedicated bus-only lanes, and two general purpose traffic lanes on Rathburn Road from east of Hurontario Street to Duke of York Boulevard. The project also includes the construction of median busway platforms and localized widening for the introduction of auxiliary lanes at the Station Gate Road and Duke of York Boulevard intersections, and the realignment of the southbound ramp from Hurontario Street to Rathburn Road, with a transit priority lane onto Rathburn Road. The purpose of the project is to complement the Mississauga Bus Rapid Transit Project, scheduled for completion in 2013.

The *Rathburn Road Transit Priority Measures Project* is being funded by the Government of Canada, the Province of Ontario, and the City of Mississauga as part of the Infrastructure Stimulus Fund (ISF) program, which provides funding towards the rehabilitation or construction of provincial, territorial, municipal, and community infrastructure projects. For further information on the ISF, please visit: [www.buildingcanada-chantierscanada.gc.ca](http://www.buildingcanada-chantierscanada.gc.ca) or [www.mississauga.ca/buildingourfuture](http://www.mississauga.ca/buildingourfuture).

**The Process** - The environmental impact of this transit project was assessed and an Environmental Project Report prepared according to the transit project assessment process as prescribed in Ontario Regulation 231/08, Transit Projects and Greater Toronto Transportation Authority Undertakings.
