Mississauga ON L5B 3C1

**COPY**

Dear Mayor McCallion: *MA ZEC*

Thank you for your letter bringing me up to date on Mississauga council's interest in the Lakeview site. I understand the importance of this area to you and your constituents.

The government stands behind the announcement that the Lakeview site will no longer be used to locate an electricity generating station. Disposition of the site will require careful planning and must take into account the level of remediation suitable for other uses. We have already dedicated staff resources towards moving this issue forward as effectively as possible.

Ontario Power Generation has restored approximately 14 hectares to Brownfield standards and is working to restore the remaining 50 hectares to Brownfield standards through a pump and treat program.

I have met with MPP Charles Sousa on this matter and he continues to keep me advised about the community's wishes and about local initiatives concerning the Lakeview lands. If you have any further questions about the Lakeview site, please don't hesitate to contact me again.

Thank you again for writing.

Sincerely,

A handwritten signature in black ink, appearing to read 'Brad Duguid'.

Brad Duguid  
Minister

/ c: Charles Sousa, MPP
