

SOUTH COMMON LEISURE POOL SHUTDOWN April 20th to September 2013

Dear South Common Leisure Pool Customers,

Due to major life cycle replacement and upgrades, the South Common Leisure Pool will be closed from April 20th to mid-September 2013.

Work to the pool and pool area will include:

- The replacement of the dehumidification unit
- New water heating units
- Retiling of change room floors (except the men's change room)
- Retiling of shower walls
- Painting of the change rooms

Please note, the replacement and upgrade construction will only impact programs operating in our leisure pool. All other programs and rentals at the South Common Community Centre and Library will continue as scheduled.

This spring and summer, visit our other indoor and outdoor pool locations for public swims, aquatic exercise, learn to swim programs and more. Our customer service and aquatic staff would be pleased to provide information and assistance in finding alternative locations for you.

This summer, visit David Ramsey Outdoor Pool at 2470 Thornlodge Dr. for swim lessons, aquatic exercise programs and public swimming. The outdoor pool will be open June 15th until September 1, 2013. Please see customer service for location and program details.

We look forward to welcoming you back to the pool once the work is completed in September and appreciate your patience during this time.

South Common Community Centre Staff
