YOUTH HAVE OPTIONS FOR PLAY IN THEIR COMMUNITY

Criteria #1

YOUTH HAVE OPTIONS FOR PLAY IN THEIR COMMUNITY

YOUTH SUBMISSION:

The youth culture in Mississauga is very diverse socially, culturally, and economically. The community of Mississauga offers "play" options which are supported by the city, community and private corporations. As such these options may be privately operated or publicly operated, they are structured and unstructured, and adult led as well as peer led. Play enables and promotes positive academic outcome, reduces social issues such as drug/alcohol abuse, behaviour problems, and family issues and promotes personal growth by offering education, character building opportunities and growth in skills as well as knowledge.

There are a variety of options for play opportunities for the youth. Mississauga offers a wide range of services and programs that attempts to tackle these diverse sets of youth. The programs and services address the needs and the interest of the youth outside of school activities. Play includes recreation, sports, arts, drama, civic engagement, youth activism, volunteerism, social clubs, and leadership opportunities. As such there is evidence that Mississauga actively offers these "play" options.

Marginalized Group Play Options/ Social Options

Marginalization at the individual levels leads to exclusion from meaningful participation in their community. Typical marginalization from the community varies and includes the following; teen single mothers, low income families, the disabled, race/ethnicity as well as LGBT (Lesbian-gay-bisexual-transgender) sexualities. Mississauga offers services to meet these marginalized groups of people. One of the great organizations that exemplify this group is the Dam. The Dam is a non-profit organization that offers services and programs for young moms, low income families, and marginalized ethnicity groups. The Dam does not refer to itself as offering services and programs to the marginalized groups of Mississauga instead they prefer to re word their language and address the at risk children that may or may not be welcomed in their community. The Dam is a Christian organization that is committed to building stronger and safer communities in Mississauga with the help of the youth; they also address the spiritual, physical, emotional and spiritual well-being of the youth. They have drop in times, and focus on more leisure and recreational activities for the youth. See Ref 1-1 for specific services offered by the Dam

Leisure Play Options

Typically leisure "play" options are offered by private corporations. They are structured in a sense where they have designated times of operations. These options for play are also available to other age groups but we tend to see the youth actively participating in these options. Play options for the youth that are offered by private corporations are the following; there are 6 Major Movie Theatres located around Mississauga that offer services year round plus Mississauga has the Drive Ins which is closed during the winter months. There are 7 major malls (Sheridan Mall, Square One Shopping Centre, Westdale Mall, Erin Mills Town Centre, Dixie Outlet Mall, Central Parkway Mall, and Mississauga Chinese Centre). There is Playdium, indoor putting, and numerous bowling venues that offer great and safe places for the youth to play (Ref 1-2). These options do require fees, however the Mall is a place where the youth may go to "hang out" where they are not required to make purchases.

The community also offers leisure activities that are structured. Mississauga has drop in centres where the youth may go and hang out with their friends, do their homework etc. The drop in centres are located throughout Mississauga. They are offered through Mississauga community centres. Mississauga's community centre offers numerous locations for what they term "chill zones" (Ref 1-3). There are also other organizations that are non for profit that offer drop in centre/ chill zones for the youth. Typically these services are time sensitive and are offered right after the youth are dismissed from school. The youth are typically looking for places to hang out after school. By offering places for the youth to hang out Mississauga builds a youth friendly community, the youth have places to meet and gather with their friends without having to engage in a particular activity.

Physical Play Options

There has always been an abundance of physical play options for the youth, and Mississauga does not fall short in offering physical play options. These options are offered through a total of 22 primary community centre and secondary community centres. They include physical activities such as Sport Leagues. For example indoor/outdoor soccer, baseball, swimming, cricket, volleyball, badminton, etc. These options are structured when offered through Mississauga's community centres as well as private organizations. A great example of how the youth utilize these options is MyNBA (My Neighbourhood basketball Association), this organization is in partnership with the City of Mississauga Recreation and Parks Department but mainly Burnhamthorpe Community Centre (Ref 1-12). It was originally created as a drop in basketball program, and has now turned into a major league for the youth all around Mississauga to join. Anyone from the age of 12-18 can join MyNBA. Registration has just opened up for the youth to join and there are 30 spaces filled out of 68. Furthermore there are numerous

sport activities offered by each of the community centres as well as drop in centres for the youth to play in the Gym and work out.

Other options include Bike Paths, BMX locations, and Skate parks, open field located amongst school zones and within the neighbourhood.

Educational Play Options

Mississauga meets the criterion for educational resources as play options for the youth. There are numerous opportunities for the youth to advance their educational level, improve it or utilize their skills and knowledge. These options help to improve the lives of Mississauga communities by building ones character. Volunteer MBC, Volunteer Peel, Transformation, St. Teresa of Avila are only a few out of a vast wide group to tackle to growth and development of the youth in this section. For example Volunteer MBC is an organization that helps to foster volunteerism for the youth. It unites all citizens to enforce a healthy community where people can care for one another with respect. Through volunteering the youth are able to connect to their community, make new friends, build self –esteem, social skills and many more positive character building opportunities.

Creativity Play Options

Lastly Mississauga offers many creative programs and services that promote the creativity of the youth. Such services include, dance, drama, arts, crafts, concerts, painting etc. Most programs offered by the community centre have enrolment fees. For example Fashion illustration is a program offered at the South Common Community Centre and has an enrolment fee of \$56.50, aimed at 14-17 year olds and provides 5 classes during the evening for the youth (Ref 1-4). Most of the community centres mimic these types of creative play options. These services are offered through the primary and secondary community centres of Mississauga. Aside from the community centre The Art Gallery of Mississauga is one of the biggest resources for the youth to participate in. The Art Gallery of Mississauga offers, exhibitions, programs and services workshops/talks, community art projects, film) related to all aspects of the promotion of one's creativity. Many youth participate actively in the Art Gallery of Mississauga (Ref 1-5).

Conclusion

To conclude Mississauga offers a vast variety of play options for the youth of Mississauga and builds stronger communities as a result of it. These play options enables and promotes positive outcomes for the youth, allows for personal growth and character building as well as educational advancements. As such when the youth are able to integrate and participate within their community as positive citizens of Mississauga they reduce the likelihood of social, cultural and economic exclusion. Mississauga is an inclusive city and is on the road to great success.

WORKSHOP: Flags for Public Space*

Tuesday, August 9, 1-3 pm at the Art Gallery of Mississauga

For youth ages 12-18

For this workshop, participants will collaboratively make a long string of flags and hang it outdoors in a public space. We will make the flags with paper cut-outs from old newspapers, magazines, etc, choosing images that represent who we are. Wednesday, August 17th (Times TBA)

Join us for off-site public performances at two of Mississauga's most popular teen hangouts, Kariya Park and Square One Shopping Centre, for an exciting new work by Derek Liddington entitled *Dandy Gangs – A Working Class Love Story*

Panel Discussion – Creating Open Spaces

Thursday, August 18th, 6-8 pm

Three panellists with interests in the arts, suburbs, communities and working with youth will discuss the topic: How do youth create open spaces for play, belonging, and identity, and what roles do resistance, conflict and marginalization play in the creation of the commons?

Workshop: Mixtape Mapping*

Tuesday, August 23rd, 1-3 pm

For youth ages 12-18

In this workshop, participants will collaborate on making a map of Mississauga by locating places of personal significance and mapping them out on a giant piece of paper to illustrate the city's geography based on memories and experiences of it. Participants will also produce a playlist of songs that correspond to these places using a free internet mixtape playlist maker. The map will be displayed on the AGM's curved wall, and the playlist will be shared on the AGM's blog.

Contribute to the blog!

Think you have something to say about the Mississauga art scene? Write to me about it at agm.blog@gmail.com and your piece may just be included in the Art Gallery of Mississauga blog! Just a few guidelines: Entry must be 500 words or less. Images are highly recommended. Entry must relate in some way to the Art Gallery of Mississauga's current/upcoming exhibition or upcoming event.

Also, while we'd love to promote all the talented artists who are our members and loyal friends, in order to be fair to everyone, we ask that you do not submit promotional write-ups on your upcoming exhibits/projects. That being said, if you have an upcoming exhibit/project you're especially excited about, do keep us updated anyway. We'd love to know what you're all up to, and as our Facebook friends and Twitter followers can attest, we like telling other people about art events and exhibits. :-)

Map Index—Facility Locations

Each facility is listed with a map code and facility number followed by the grid reference and address. The maps on pages 5 and 6 have been divided into two sections (East and West) and there is a numbered dot on the maps for each facility. To find the exact location of your facility, use the grid reference to narrow down the search area and locate the facility by its dot number.

EXAMPLE: To find the location of Clarkson Arena, the map code listed on this page under Arenas is 63 and the grid reference is B9. First turn to the maps (page 5 and 6) then find the grid reference B9 square and locate facility dot number 63 for the exact location.

Subject: Youth Event - Halloween Hunt

Hi Everyone,

The Halloween Hunt was a success at Frank McKechnie C.C!!

We had a total of 57 youth who participated in our event, and expressed how much fun they had. This event was offered to grade 6-8 students and the activities that were provided were age appropriate and a lot fun and diverse. It was great to see youth RUNNING to the next activity with excitement.

Our Youth in Motion board assisted with planning and running this event.

Some highlights from the event:

- High School students in our area ran all the activities!!
- FMCC provided an alternative for students who did not want to participate in the Middle Schools Halloween Dance.
- The local Schools made announcements prior to Friday to promote our event.
- We had a total of 57 excited youth participate in our event.

At our next Youth Advisory meeting we will be planning "Pool Volleyball" for High School students. We are really excited to plan this event!!

I think FMCC has great things in store for the Youth in our area. I am excited to be apart of this and special thanks to FMCC team for your continued support in making these events happen.

Thank you,
Amy

Youth rock out with bands

Chris Clay
June 11, 2010

Mississauga youth interested in finding out what it's like to be in a rock band can take part in a week-long program in Streetsville. Full Shred Rock Camp runs most weeks throughout the summer, Monday to Friday from 9 a.m.-3 p.m., at the Masonic Lodge. Drummers, guitarists, bassists and singers are needed.

Cost is \$275. Deadline to apply is next Friday. "Mississauga is such a vibrant, growing community with so many young, talented musicians (and) we really wanted to take the initiative to get them together working in ensembles so that they could take these skills and be able to form their own bands in coming years," said Magnus Paulson, one of the program's instructors and a member of the band, Ultra Magnus. "Growing up in the area, working with my peers in a band format are some of the fondest memories I have of being a kid in Mississauga. It gives you confidence, teaches you to work as a group, share ideas and creativity and helps establish long-lasting friendships with like-minded people."

Youth participating in the program will rehearse throughout the week, working on songs with their bands. On the Friday, the band will record the material. There will also be seminars on songwriting, marketing and band management.

The program was created by Paulson along with musician and instructor Tien Yeung and Judy Dadd, music director and owner of Streetsville's The Wandering Minstrel Music School.

For more information, call 905-542-3299 or 416-525-3463, or e-mail fullshredrock@gmail.com.
