

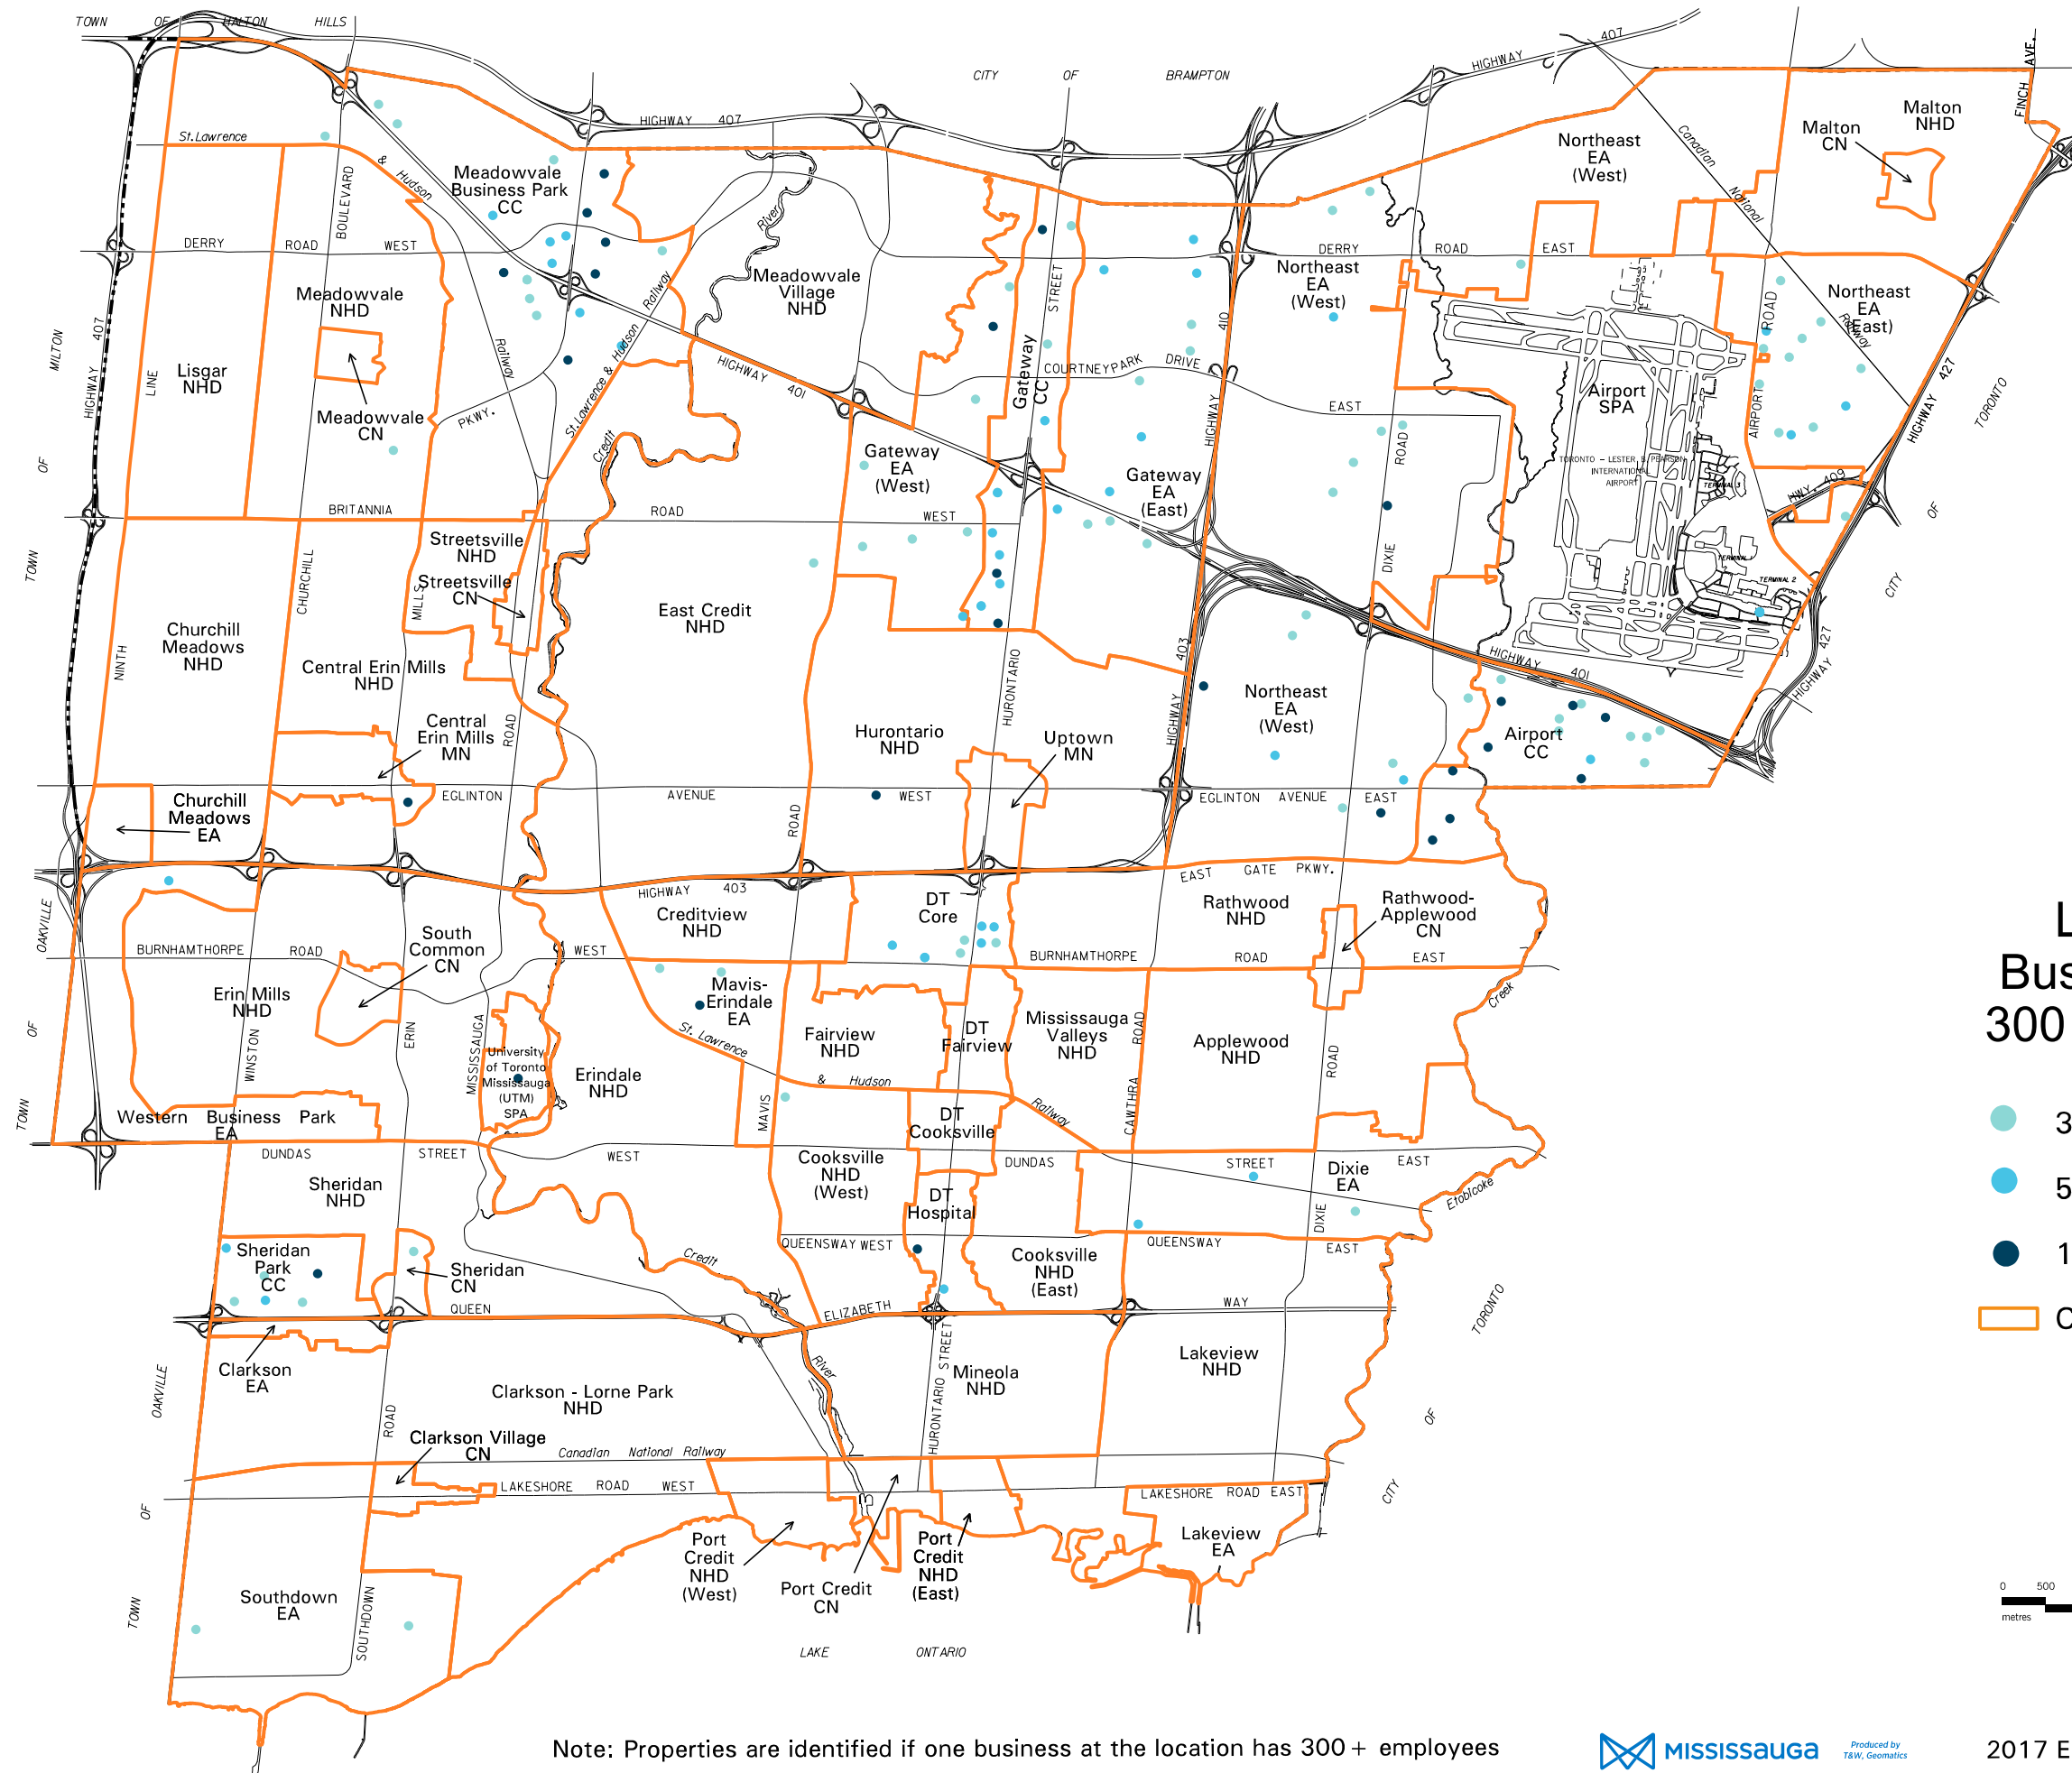

Map 1:
Business Vacancies

- Less than 5 units
- 5 units to 9 units
- Greater than 9 units
- Vacant floors
- Vacant buildings
- Character Areas

Note: Vacancies refers to vacant buildings and to vacant floors and vacant units within multiple-unit developments

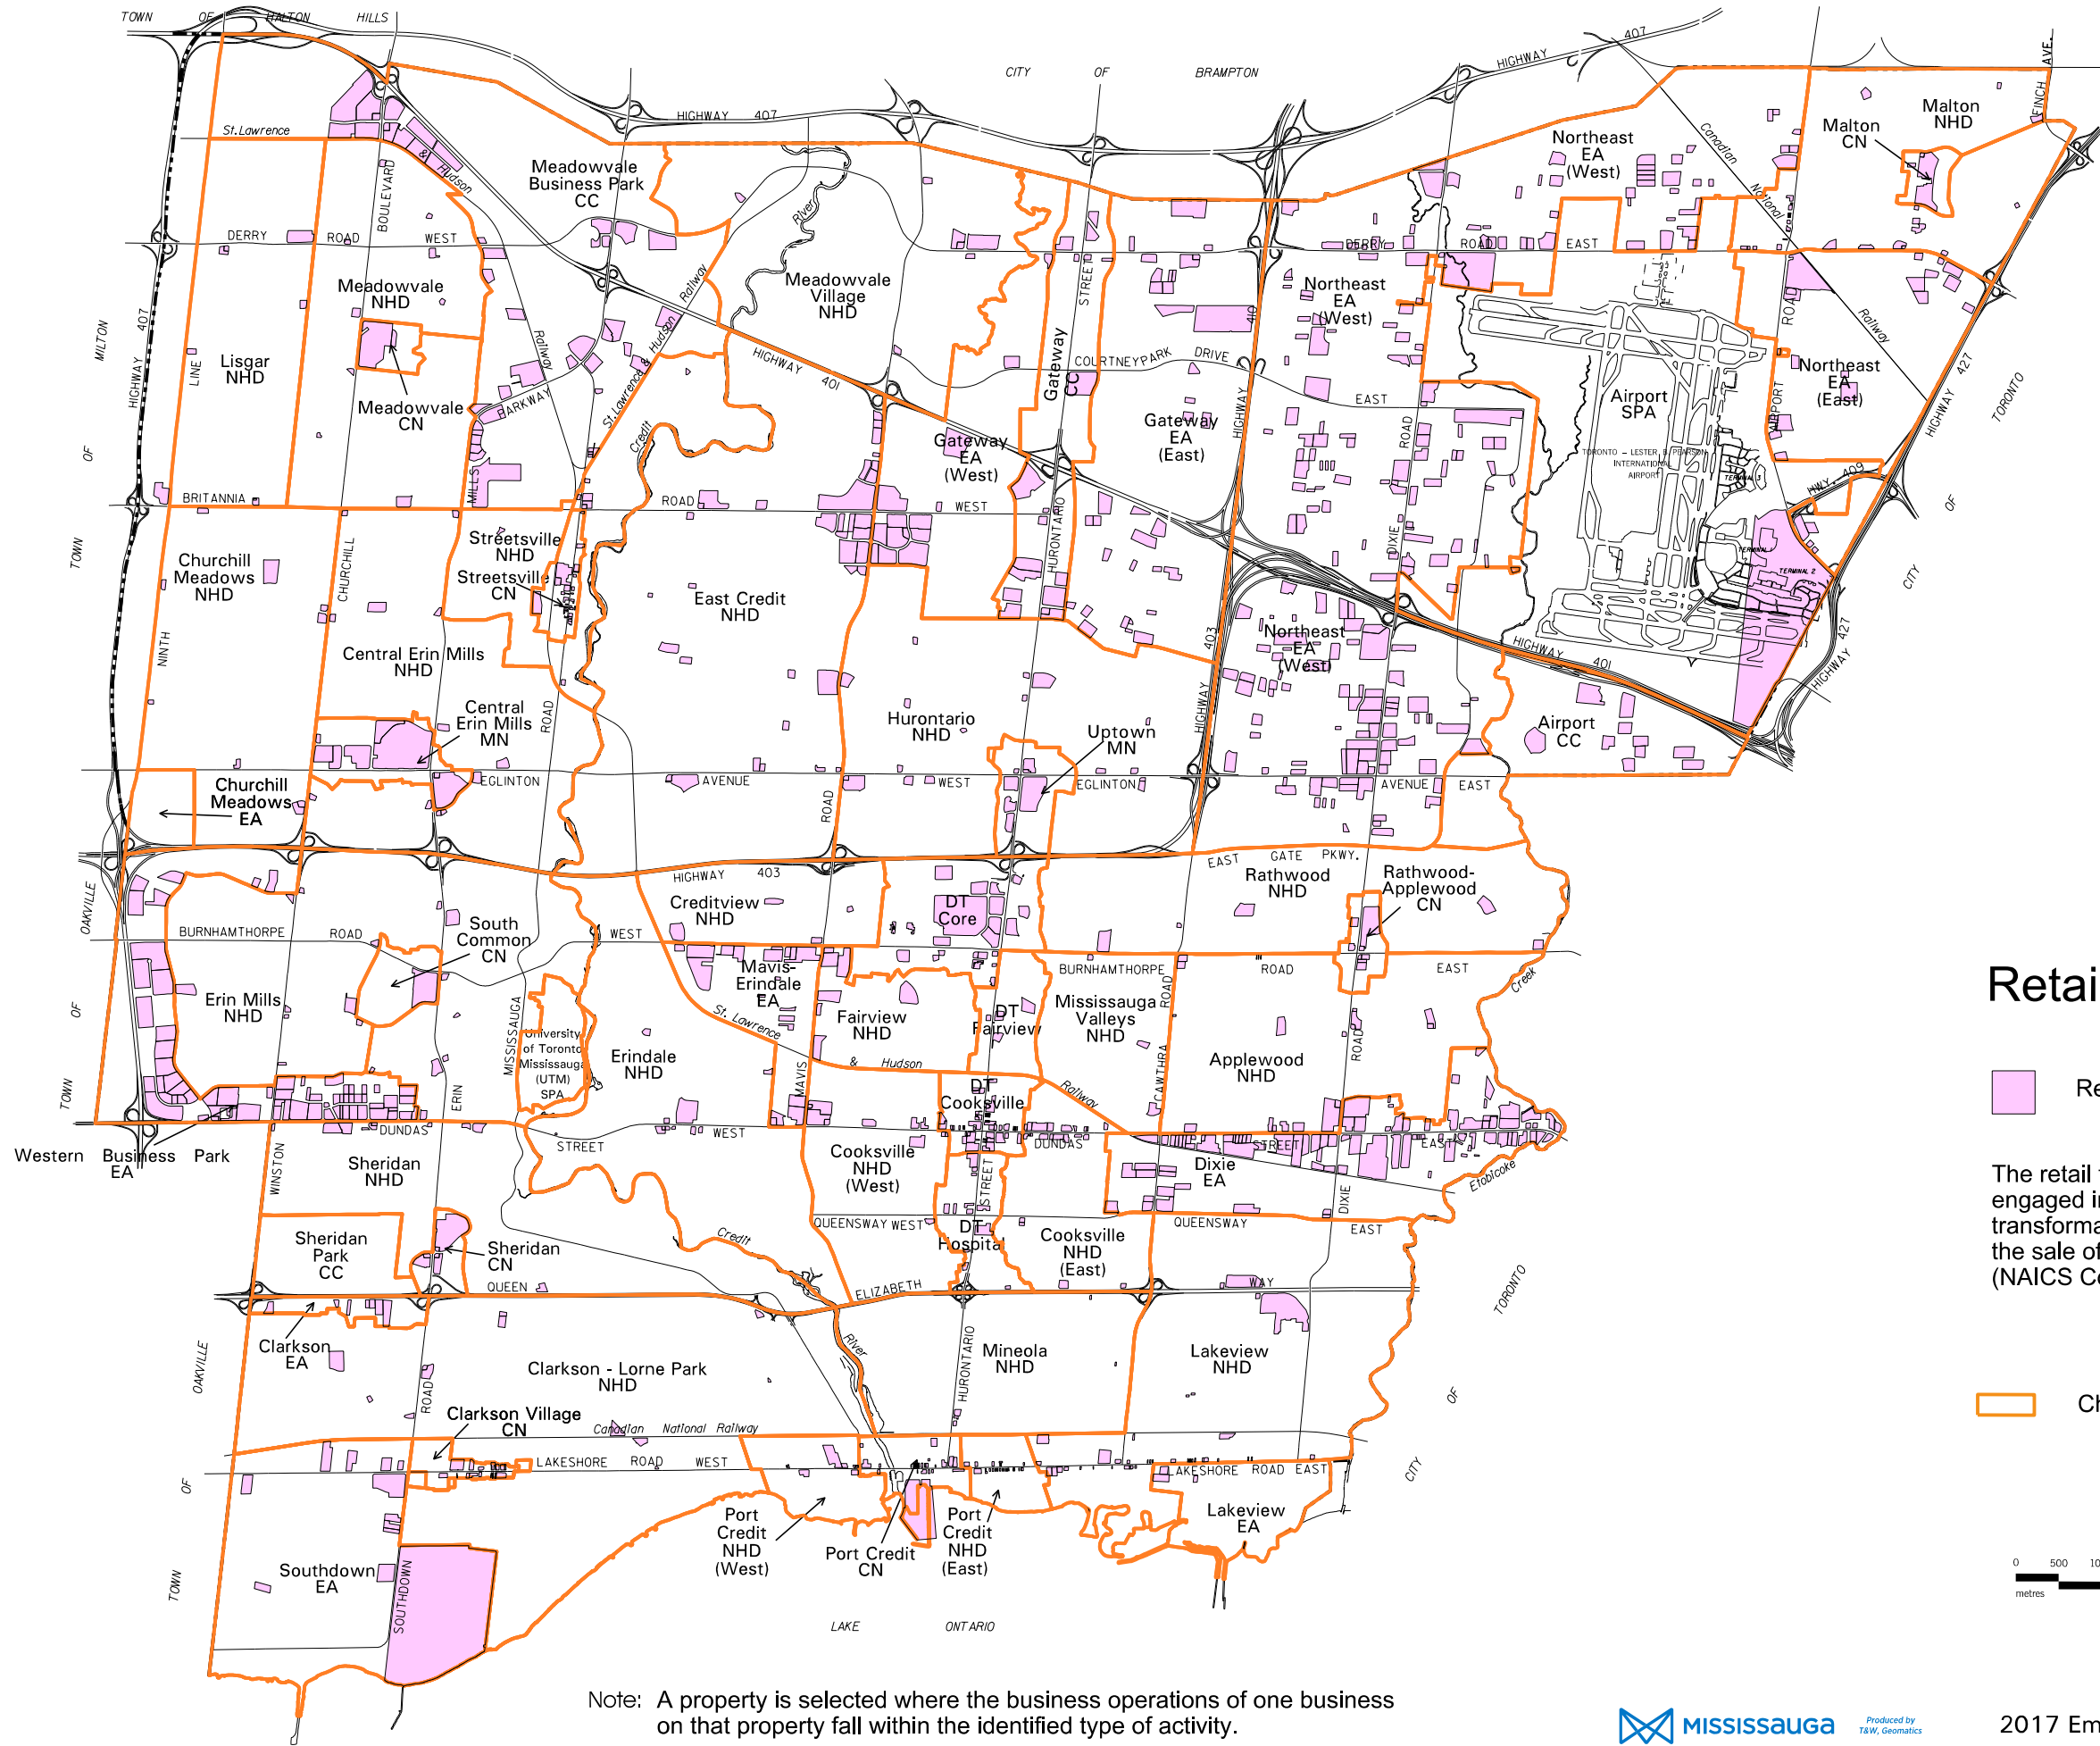

**Map 2:
Location of
Businesses with
300 + Employees**

- 300-499 Employees
- 500-999 Employees
- 1000 and greater Employees
- Character Areas

Note: Properties are identified if one business at the location has 300+ employees

**Map 3:
Location of
Retail Trade Businesses**

 Retail Trade Areas

The retail trade sector comprises establishments engaged in retailing merchandise generally without transformation and rendering services incidental to the sale of merchandise. (NAICS Codes 44-45)

 Character Areas

Note: A property is selected where the business operations of one business on that property fall within the identified type of activity.

Map 4: Location of Manufacturing Businesses

 Manufacturing Areas

The manufacturing sector comprises establishments engaged in physical or chemical transformation of materials or substances into new products. Products may be finished (ready for use or consumption), or semi-finished (ready for another business to further manufacture). Related activities such as assembly of component parts, blending and finishing of products (by dyeing, heat treating or plating) are also considered manufacturing. Manufacturing firms are also known as plants, factories or mills. (NAICS Codes 31-33)

 Character Areas

Note: A property is selected where the business operations of one business on that property fall within the identified type of activity.

Map 5: Location of Wholesale Trade Businesses

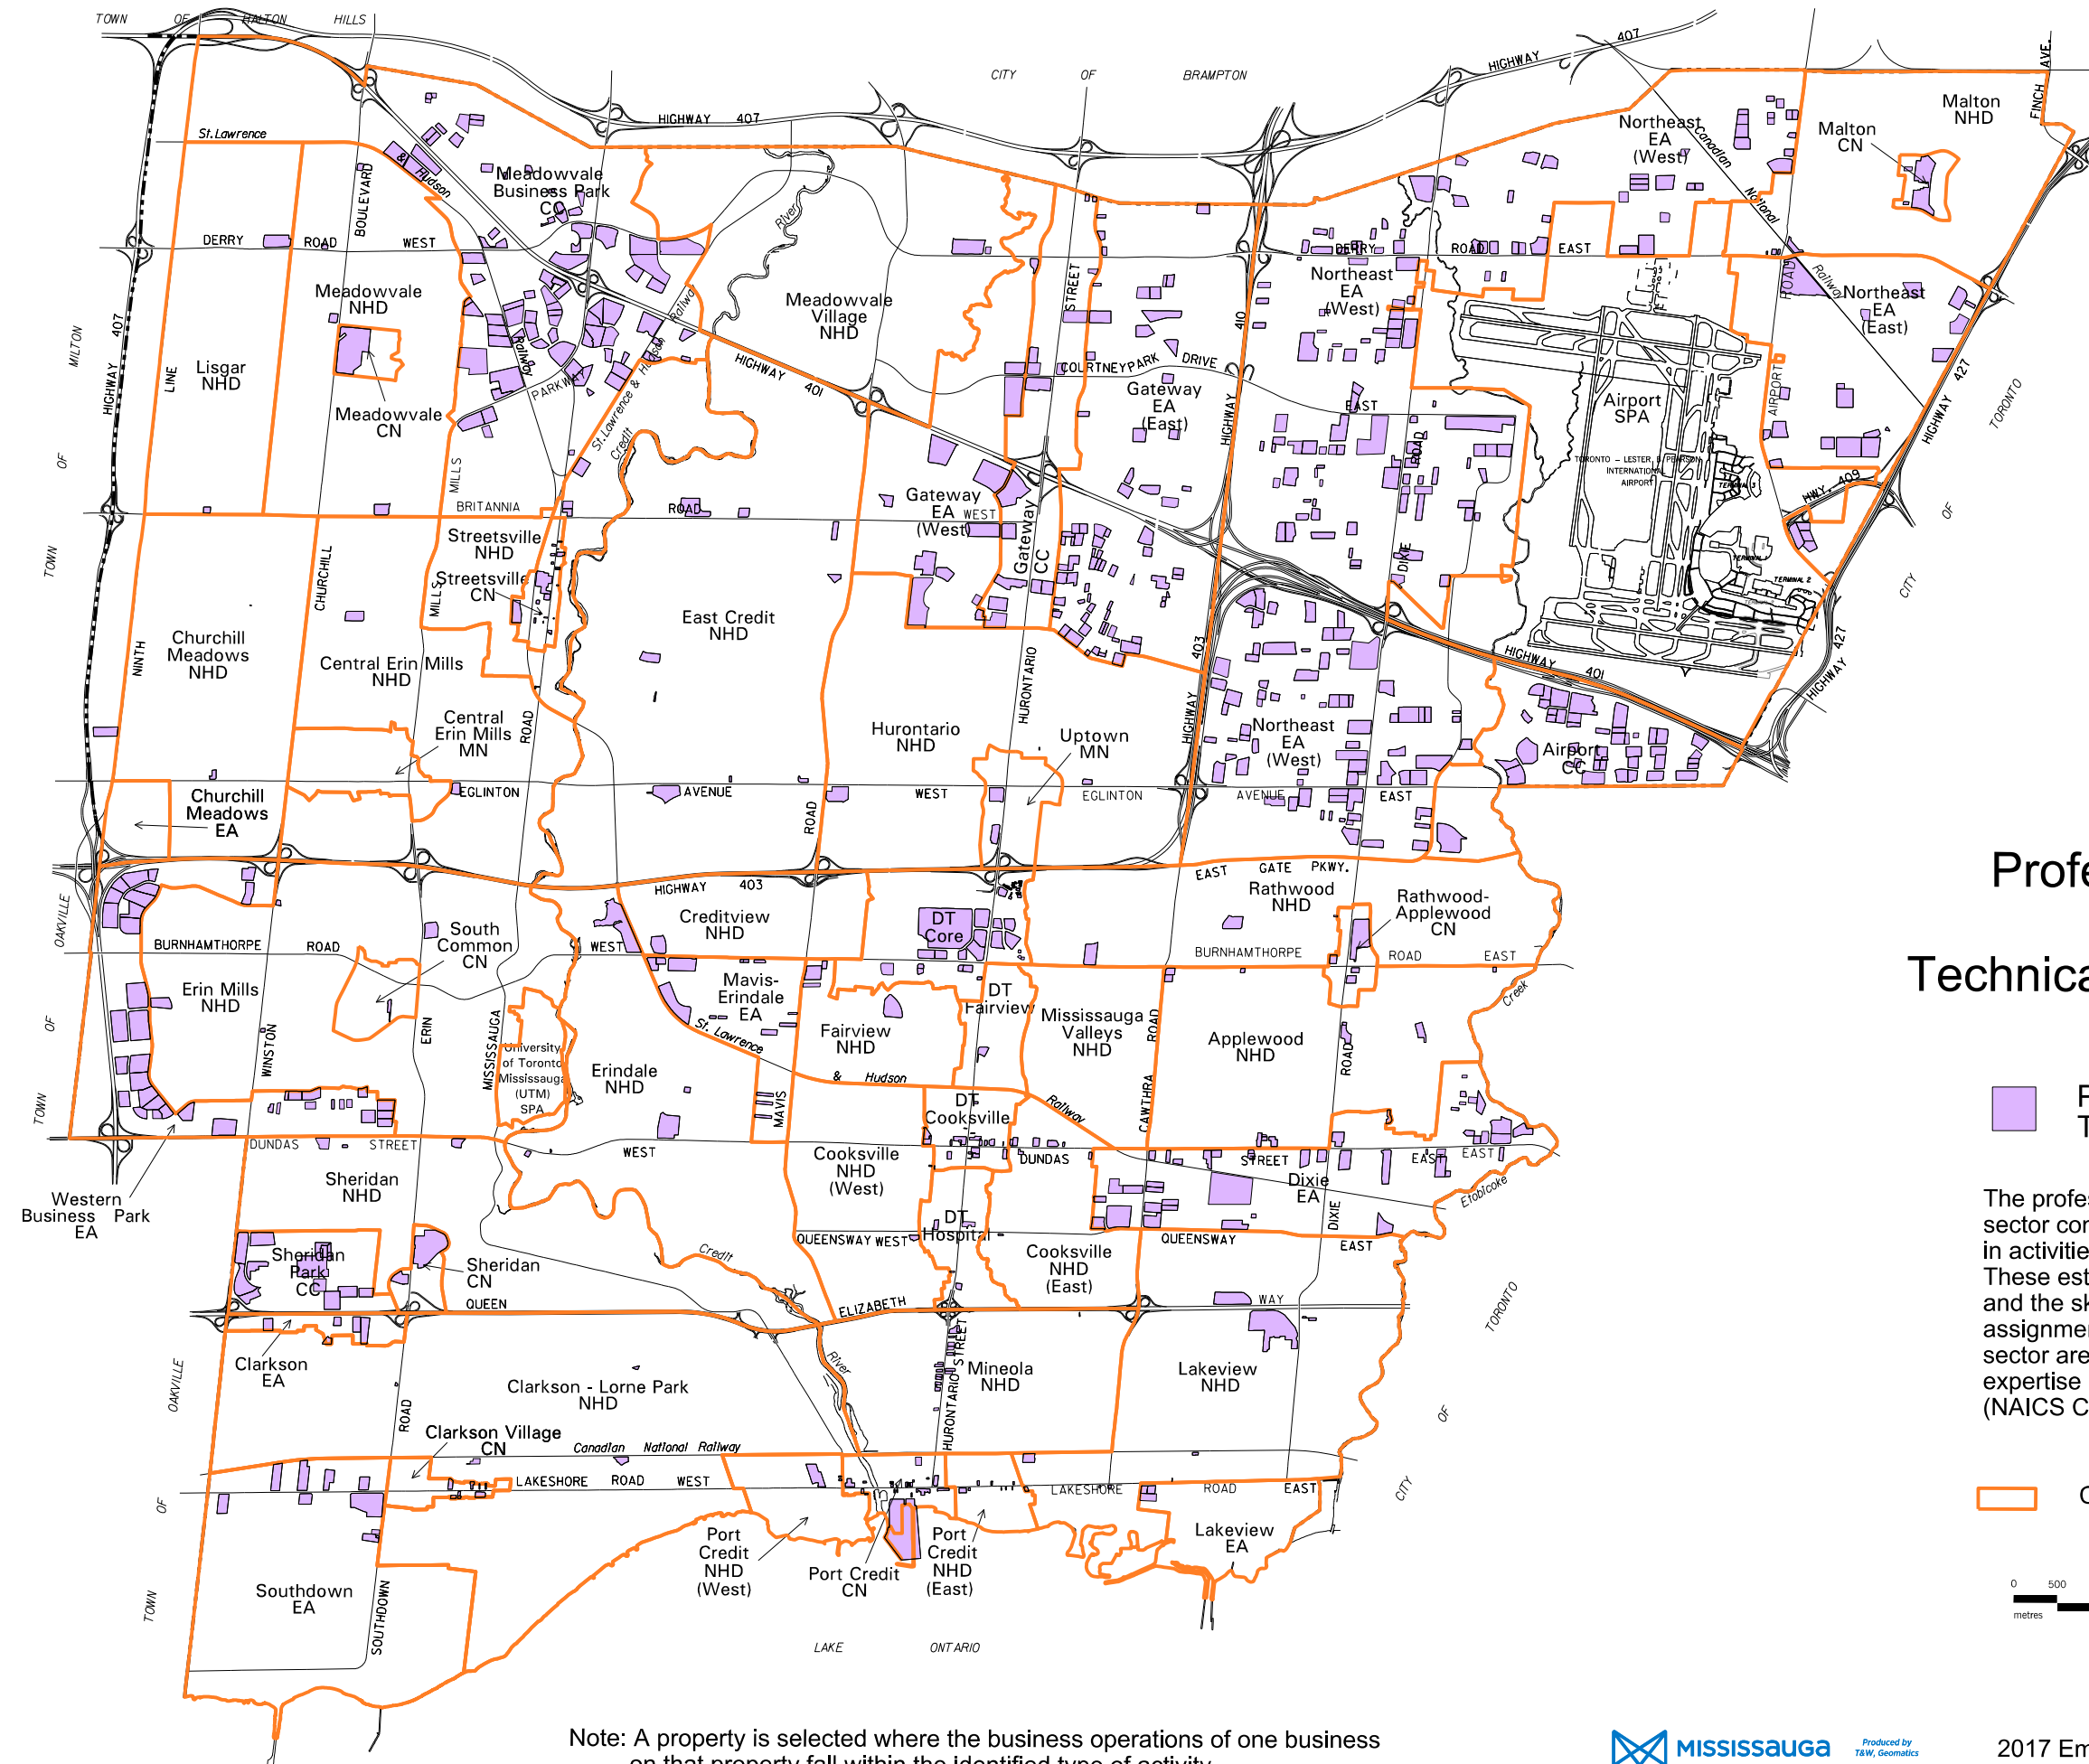

Wholesale Trade Areas

The wholesale trade sector comprises establishments engaged in wholesaling merchandise and providing logistics, marketing and support services. The wholesaling process is generally an intermediate step in the distribution of merchandise; many wholesalers are organized to sell merchandise in large quantities to retailers, business and institutional clients. These may also include suppliers of non-consumer capital goods that sell merchandise in single units to final users. (NAICS Code 41)

Character Areas

Note: A property is selected where the business operations of one business on that property fall within the identified type of activity.

Map 6: Location of Professional, Scientific and Technical Services Businesses

 Professional, Scientific and Technical Services Areas

The professional, scientific and technical services sector comprises establishments primarily engaged in activities in which human capital is a major input. These establishments make available the knowledge and the skills of their employees, often on an assignment basis. The individual industries of this sector are defined on the basis of this particular expertise and training of the service provider. (NAICS Code 54)

 Character Areas

Note: A property is selected where the business operations of one business on that property fall within the identified type of activity

**Map 7:
Location of
Transportation
and Warehousing
Businesses**

 Transportation and Warehousing Areas

The transportation and warehousing sector comprises businesses engaged in transporting passengers and goods, warehousing and storing goods, and providing services to these establishments. Transportation can be by road, rail, water, air or pipeline. This sector also includes national post office and courier businesses. (NAICS Codes 48-49)

 Character Areas

Note: A property is selected where the business operations of one business on that property fall within the identified type of activity.

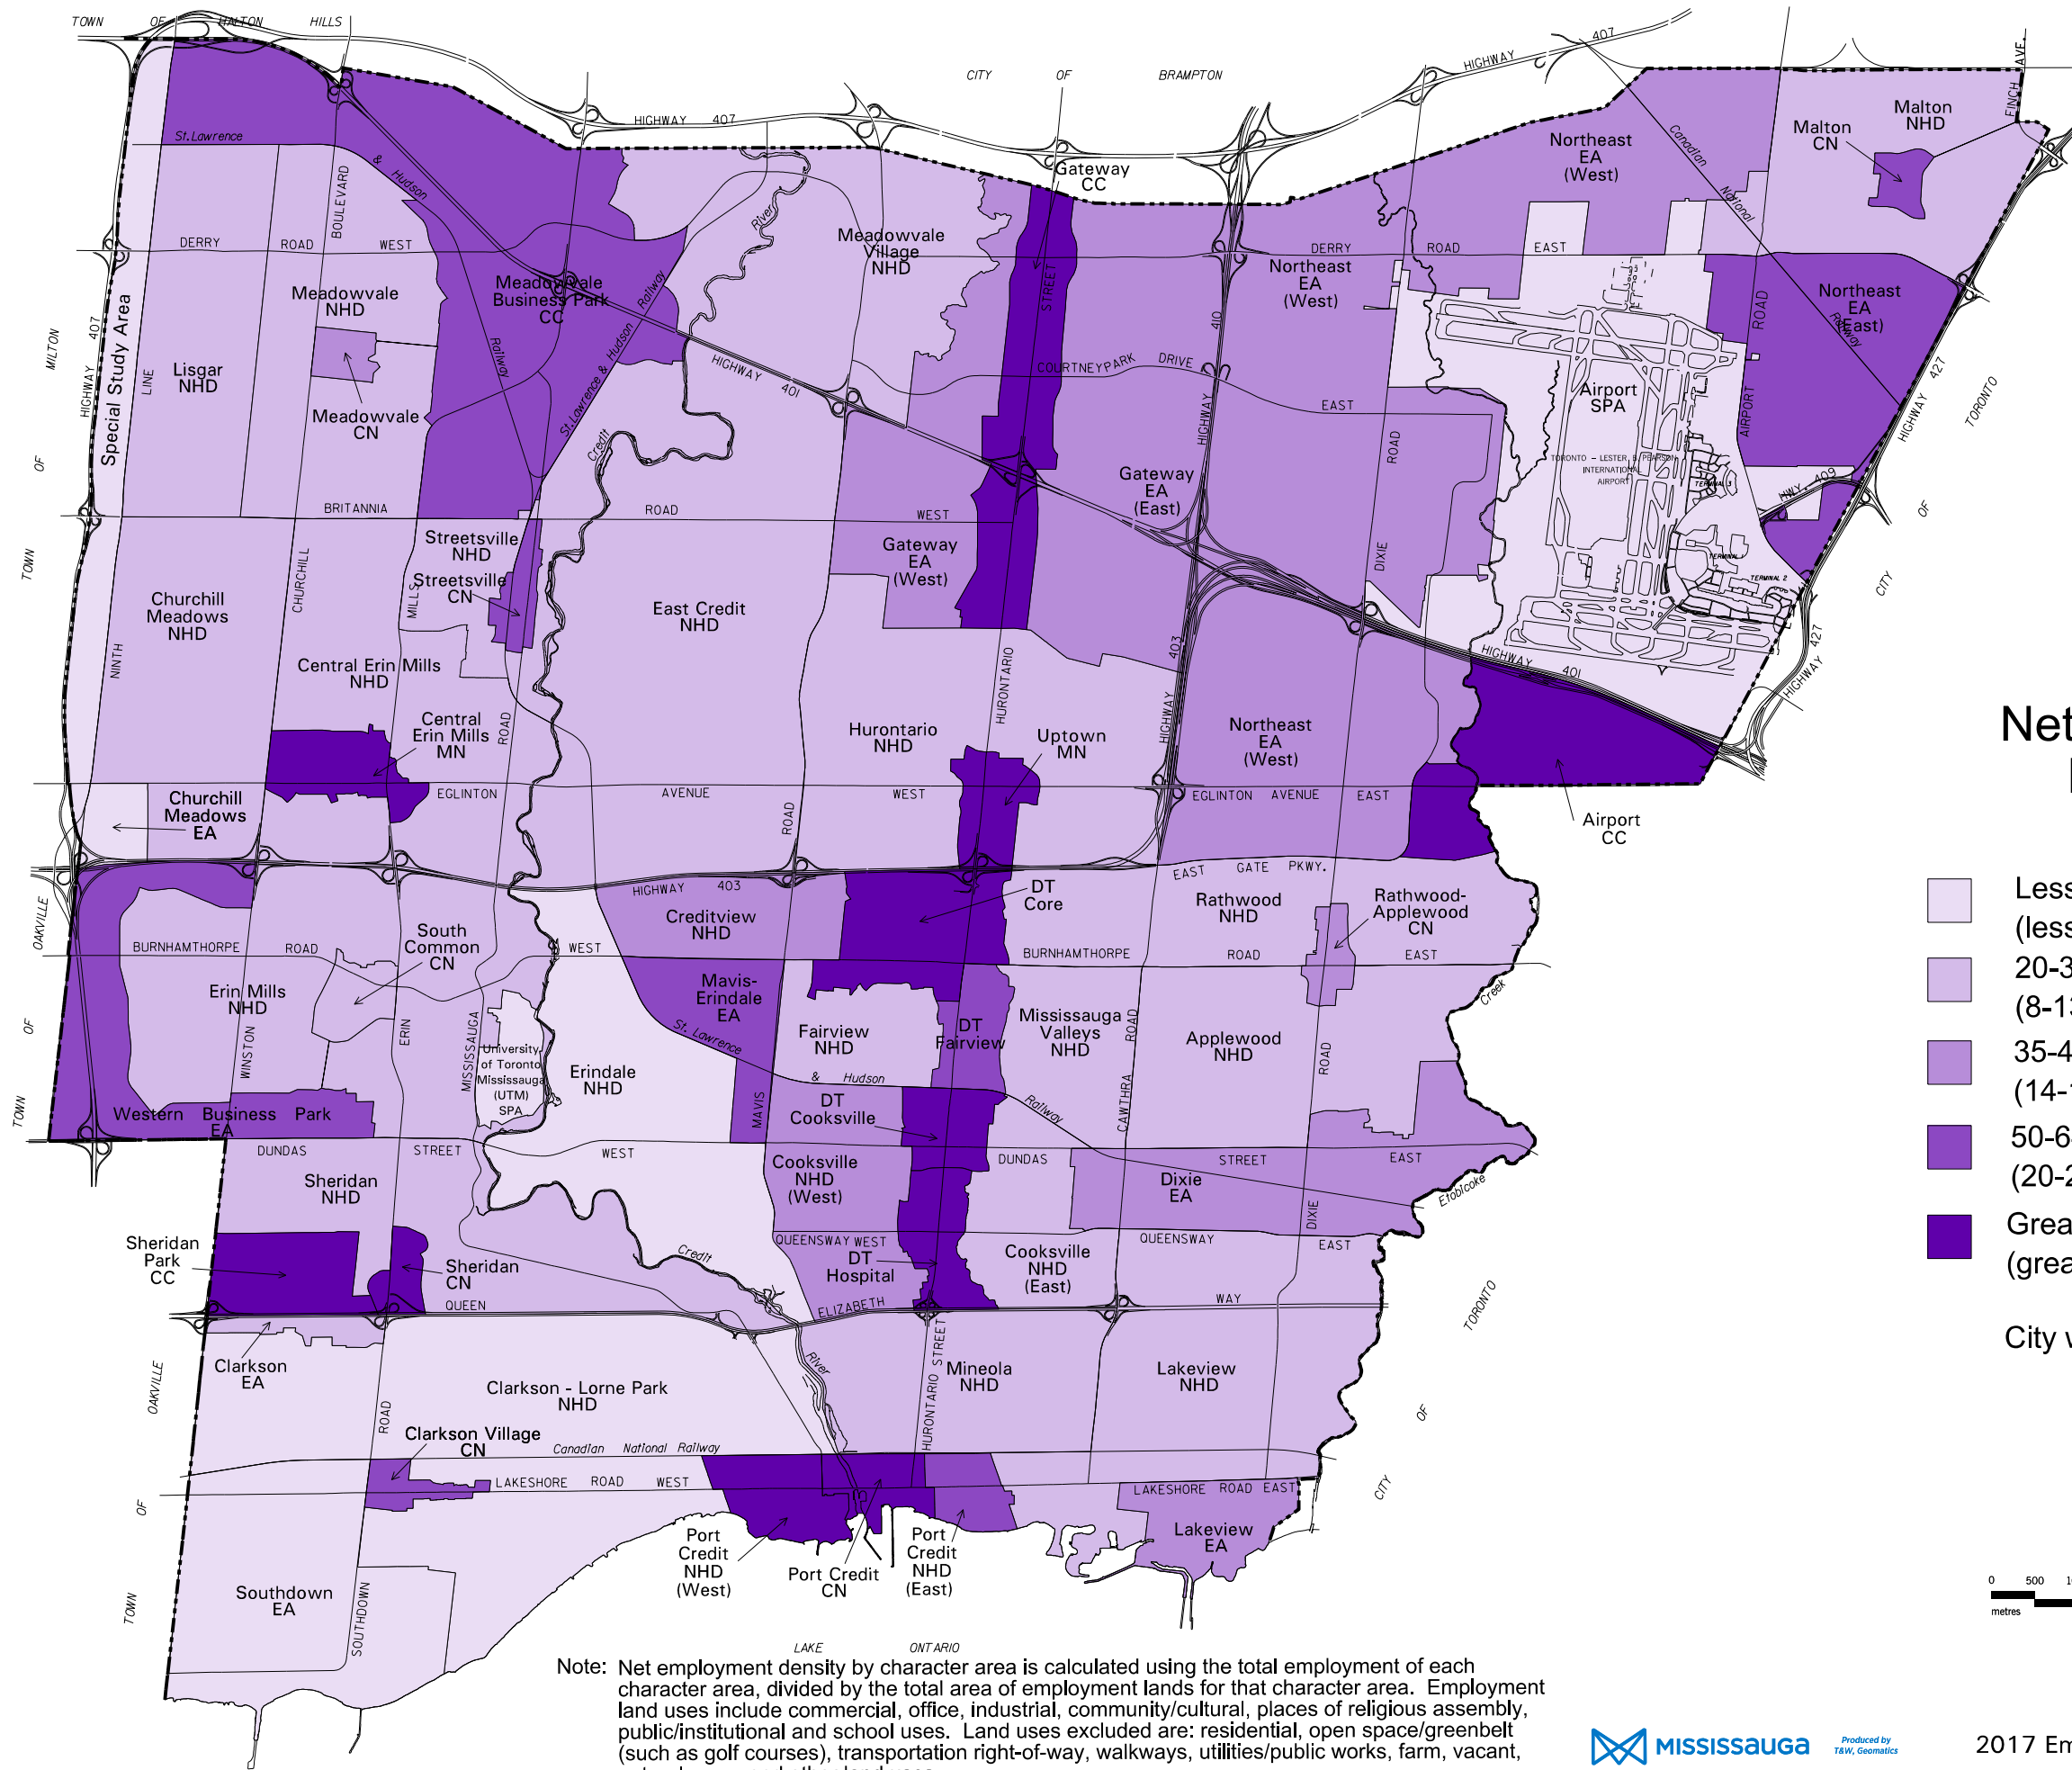

**Map 8:
Gross Employment Density
By Character Area**

- Less than 5 employees per hectare
(less than 2 per acre)
- 5-19.9 employees per hectare
(2-7.9 per acre)
- 20-34.9 employees per hectare
(8-13.9 per acre)
- 35-49.9 employees per hectare
(14-19.9 per acre)
- Greater than 49.9 per hectare
(greater than 19.9 per acre)

City wide: 13.6 employees per ha
(5.6 per acre)

Note: Gross employment density is calculated using the total employment of each character area, divided by the total area of that character area.

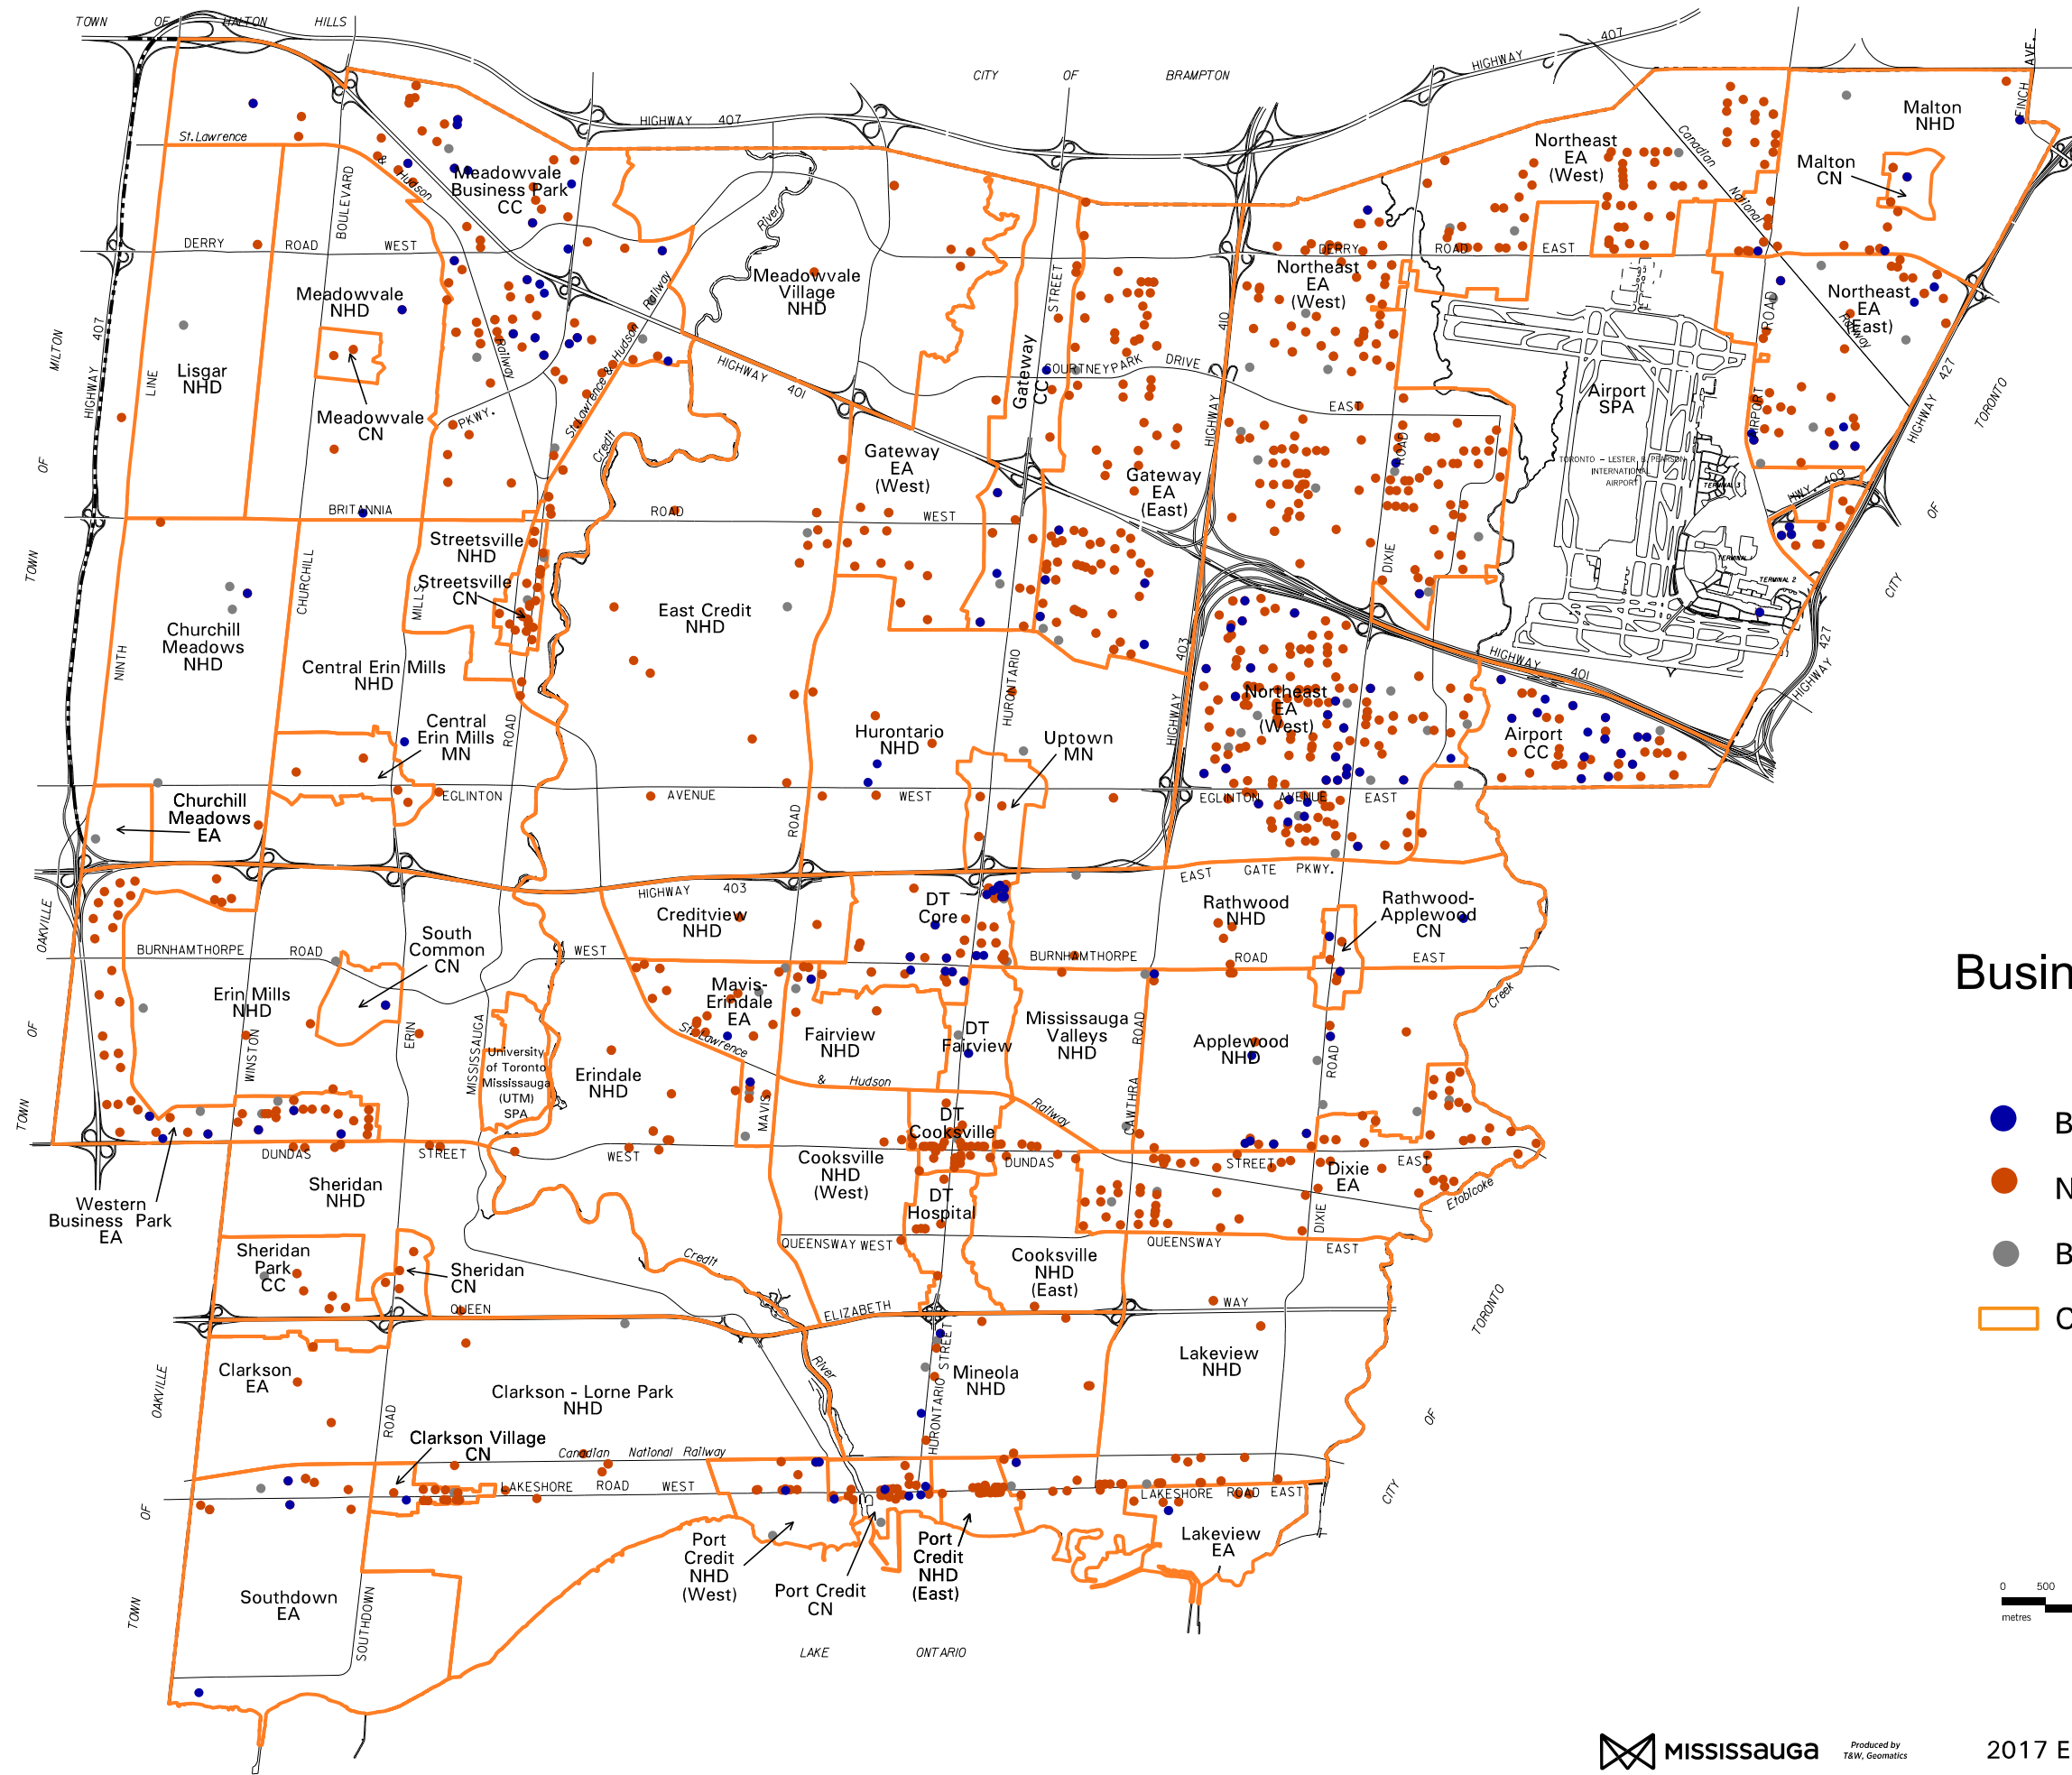

**Map 9:
Net Employment Density
By Character Area**

- Less than 20 employees per hectare (less than 8 per acre)
- 20-34.9 employees per hectare (8-13.9 per acre)
- 35-49.9 employees per hectare (14-19.9 per acre)
- 50-64.9 employees per hectare (20-26.9 per acre)
- Greater than 64.9 per hectare (greater than 26.9 per acre)

City wide: 41.6 employees per ha (16.8 per acre)

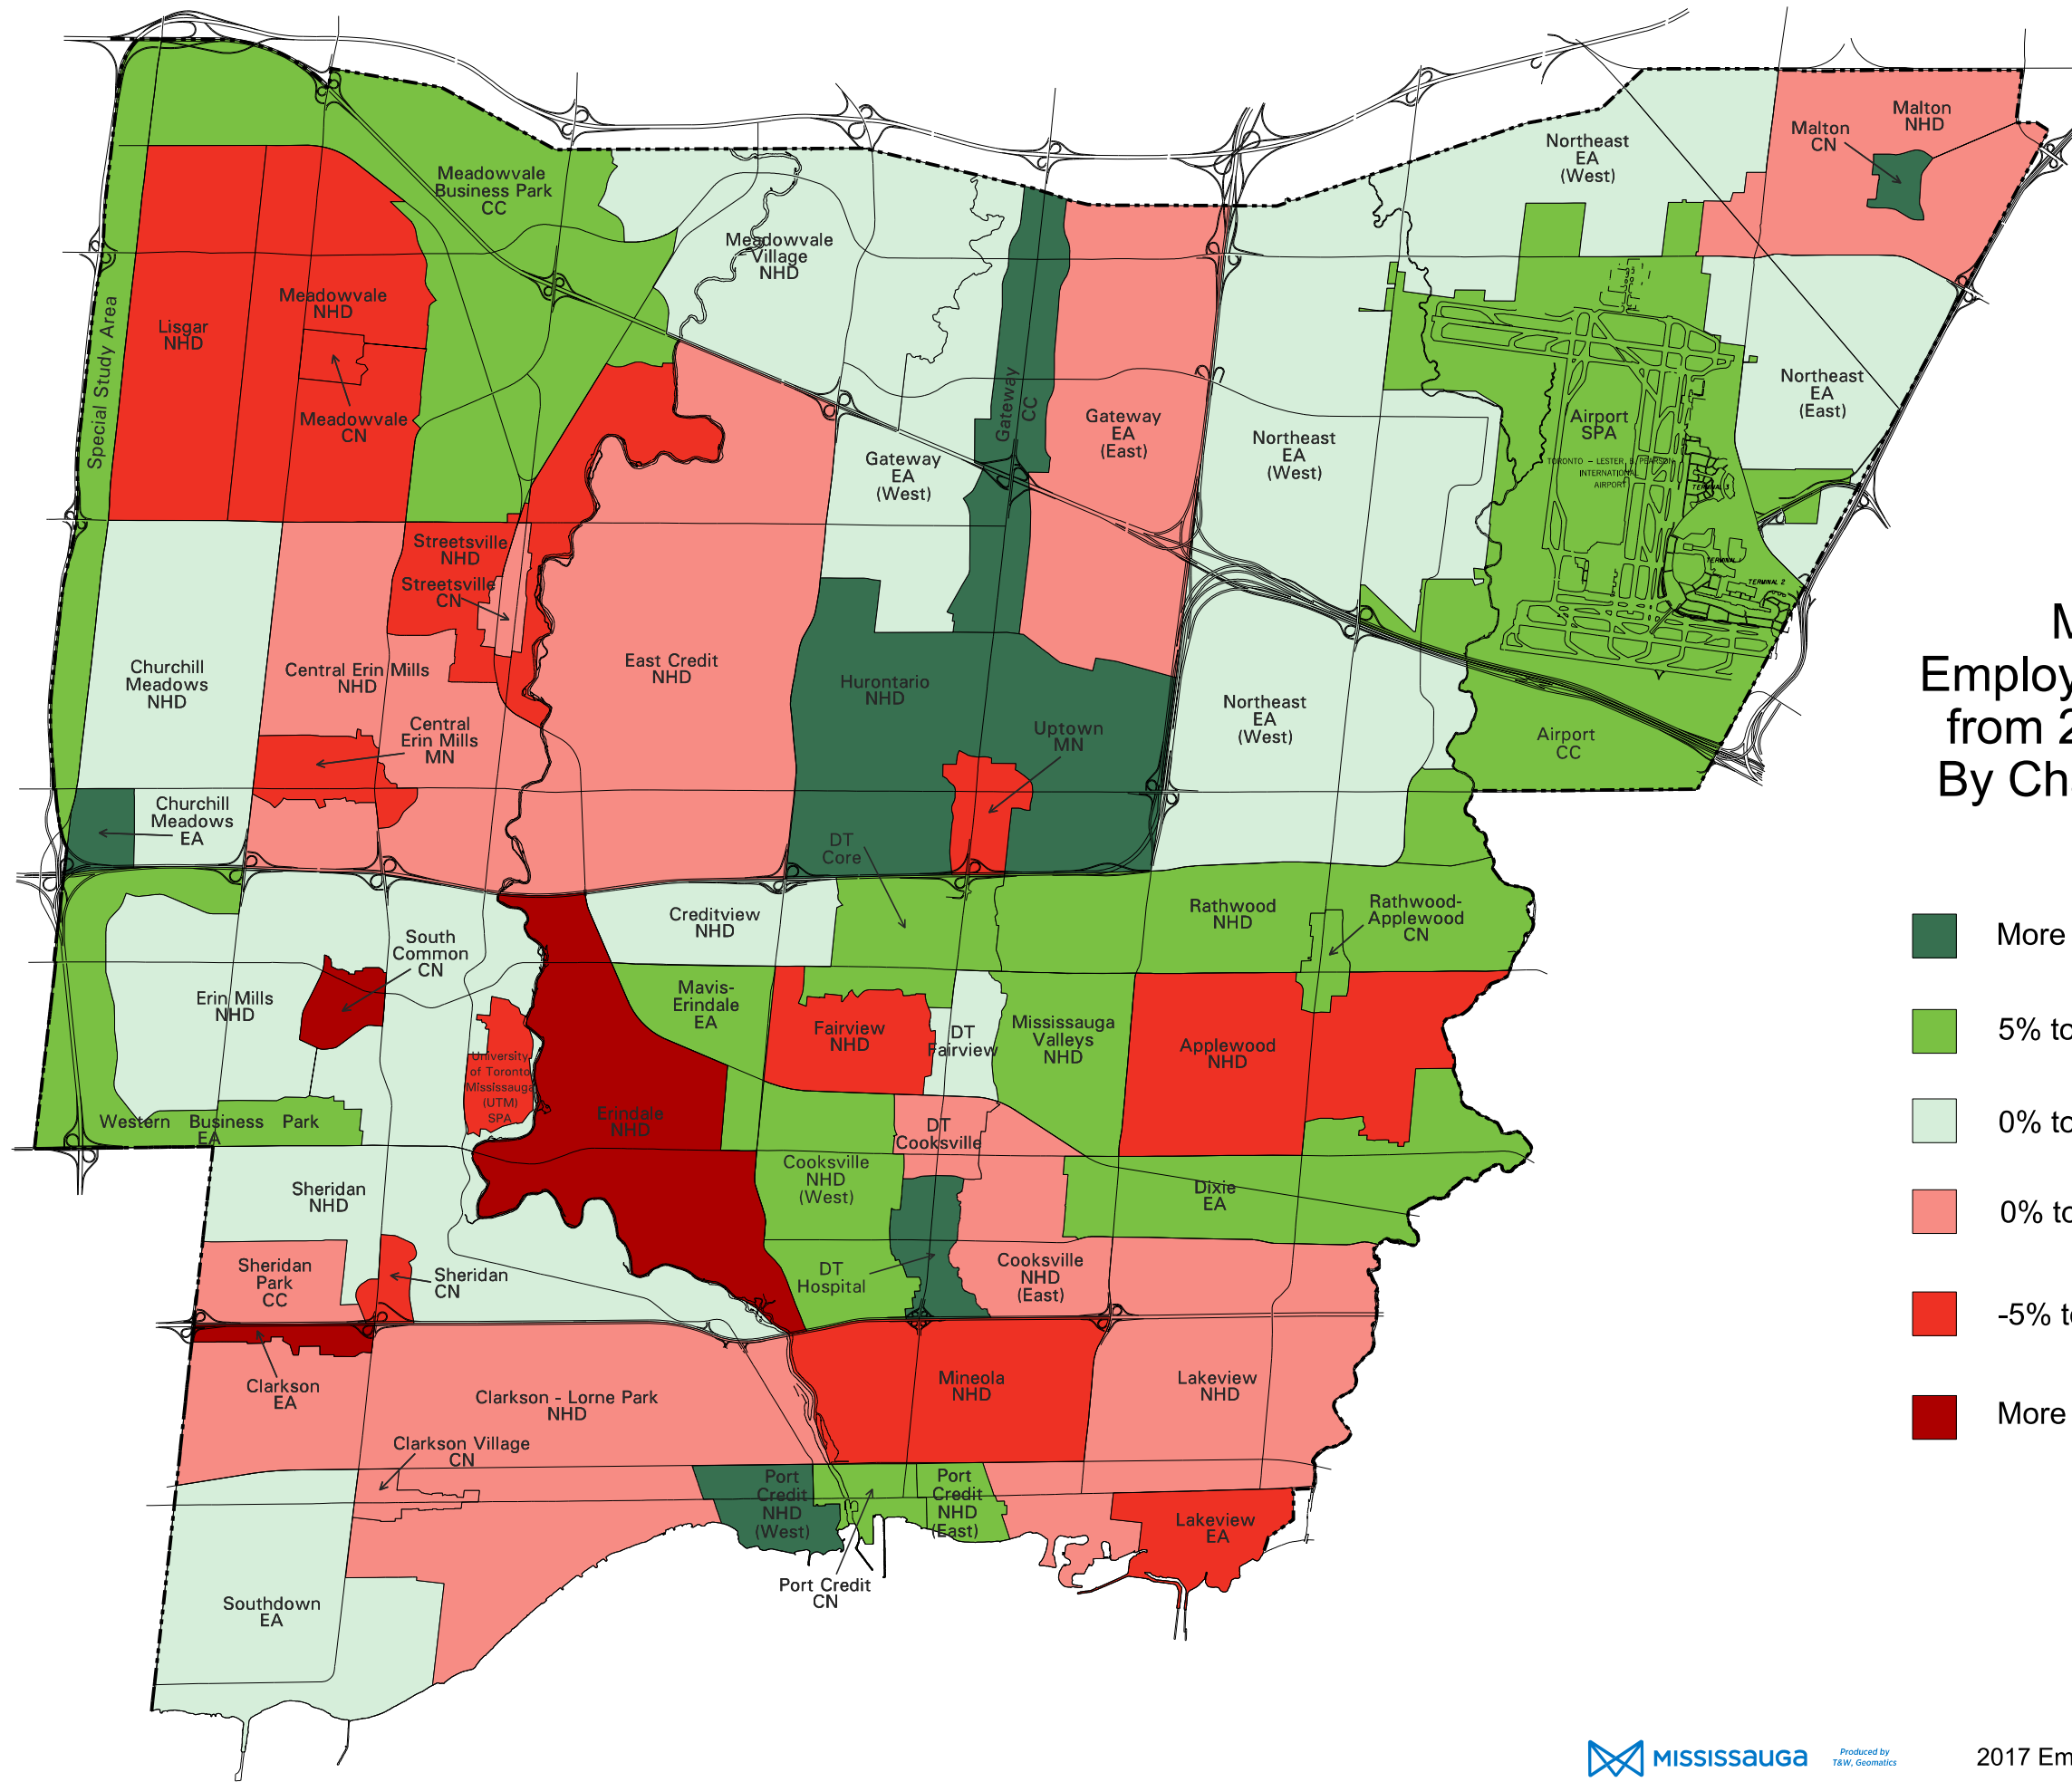

Note: Net employment density by character area is calculated using the total employment of each character area, divided by the total area of employment lands for that character area. Employment land uses include commercial, office, industrial, community/cultural, places of religious assembly, public/institutional and school uses. Land uses excluded are: residential, open space/greenbelt (such as golf courses), transportation right-of-way, walkways, utilities/public works, farm, vacant, natural areas and other land uses.
